

the be to of and a in that have I it is was for not on with as he has you do at this but are

his had by from they we say her she or an will were my one all would been there their what so said up out if

about more who get which go me when make did can like time no just him know may take people into

year your good some could them see other than then now look very only come here its over think should

also back after use two how our well down work first made way even new want because got where any

being these those give day most between us much many must before big cat little dog long have saw

To be or not to be, that is the will of the people. Ben -

I could have done it but Big Dog was there. Ben -

From where we are it seems like more could have been said about why men just can not sit down and talk before things are done that should not be done. Naja -

Why do we spend so much time looking for the end of time Naja -

Time may make people overthink that which just is. Naja -
